Boston etc Cannot possibly get through on a daily allowance Equivalent to £2. Especially as the rate of Exchange is less than $4.00 = £1. While I was in New York City I paid on one occasion $12.00 for a bed room for one night only. In Washington I paid $8.00 for a room. Meals will Cost not less than $2.50 for dinner, $2.00 for lunch and $1.50 for Breakfast (2) I would recommend that Mr. D'Souza be allowed his full actual Expenses, together with double Railway fare. He will Most certainly Incur a larger amount if he is only allowed single Ry fare and £2 per day. I Know for I was allowed only Single Ry fare when I travelled in the U.S.A. & no daily allowance, and I would have great hesitation in going again under the same Conditions. I Attribute

Daily allce is not intended to Cover boarding charges but the enhanced rate asked for includes such charges. It is true that boarding costs more in America but it is not right to throw the whole charge on Govt when the officer is drawing full pay for the period of the deputation. I think only a part of such charge roughly equal to the excess he has to incur may be allowed.

The arrangement of allowing actual expenses is generally not satisfactory, especially when such expenses include boarding charges. It is best to fix a rate and allow it without going into details of actual expenditure or asking for bills of charges incurred. Sd/-

Submitted to His Highness.

Under His Highness' orders dated the 18th November 1920 a daily allowance of £2/- was sanctioned to Mr.P.G.D'Souza during his deputation to Europe, America and Japan. Mr. D'Souza has now represented that his expenses in America are very high and cannot be covered by the present allowance of £2/- Mr.Forbes who was consulted in the matter has stated that a daily allowance of £ 2/- is quite inadequate in America.

The matter having been considered in Council, the Council recommend that Mr.D'Souza may be given a daily allowance of 12 dollars during his stay in America.
The recommendation of the Council may be graciously sanctioned.

Sir

I beg to state that I arrived here on the 30th March having been unavoidably detained for nearly 3 weeks in England as already reported owing to the coal strike.

Mr. Ranelagh sent me a

letter of introduction to the Dept of
Commerce that have agreed to give
me all necessary assistance. The
firm of Penn & Marshall who
I find will exercise influence
here have already secured passages
for me to visit the most important
industrial centres that it might
be useful for me to see and
so I have started under
the most favourable auspices
& intend to make the most
of my opportunities.

Pressure of other
pressing things have
kept me from writing to

depression and the recent heavy
reduction in wages by 25 per cent in
almost all industries has caused much
discontent among the working classes
& has led to many strikes. The
fearful misery of the coal miners
in England in getting very little for
the principle product of hard labour
in essential industries so as to
ensure a standard rate of wage has
happened. the resistance of the labouring
but there is so much labour
available in the country that
it is not considered probable that
the workmen will succeed in
contesting industries. Happily
the important economic problems
which the disturbed political
conditions throughout the world
have given rise to, form a

very interesting study & I am arranging to
meet as I did in England some of the
leading men.

Practically every month in the
country is enriched by large contributions
to the charity, while all kinds of things
& the courts have special powers
to prevent abuses & the manufacturers
at present are in important actions
brought against the United States
Steel Corporation on the ground that
it has forced the adoption of a price
throughout the United States that
will prevent them from selling
cars at a lower rate than at
Pittsburg.

This country is for
afraid of anything that I
have in the matter of publicity
& advertisement. One has

easily to walk through the
streets of New York at night
& learn a great deal about the
manufacturing concerns & selling methods
the state keeps also by books.

ations attention to any important
facts bearing on national welfare.
Appeals to men to join the Navy
are to be seen in every city
Essential figures relating to wrecked
vessels are posted immediately
so as to prevent people buying on
stocks & giving an advantage
to other countries in manufactures
I take the fact the unbroken
method of wrecked vessels shew
and municipal administration

Sir

Having been in the City for a week I have since experienced considerable expenditure. There is a great deal of Crime prevalent in this Country and there is great difficulty

in obtaining accommodations
even in an advising family
decent hotel. The
minimum charge for a room
is about 4½ dollars. Food
requires about 3½ dollars at
best. Where 2 persons alone are
in question the £ 2 allowed
for me. When there are train
& bus fares. It is also
necessary to have taxis to
visit factories &c and
a certain amount of expenditure
is inevitable for the exchange

[illegible] attention here. In these circumstances I beg that you will kindly let my daily allowance be raised to 6 & 3 or 12 dollars a day which will be less than £2 in London.

I have been spending the week in visiting various reference and book rooms & going through the mass of information available on various kinds of commercial subjects in the Public Libraries' library. The mass of information there is wonderful in its variety & reference is easily done by merely going through the card indexes
